Official Call for Republican State Convention

Office of the Republican State Central Committee

Louisville, Ky., February 12, 1915.

To the Republican Electors of Kentucky:

The Republican State Central Committee of Kentucky hereby directs that a State Convention of delegated representatives of the Republican Party in Kentucky be held in the City of Lexington, Kentucky, at 12:30 P. M., standard time, on Tuesday the 15th day of June, 1915, for the purpose of adopting a platform embodying the principles upon which the Republican Party and its nominees will ask the support of the electors of Kentucky, at the November election, 1915.

The delegates to said State Convention shall be selected by county mass conventions to be held in the county seat in each county at 1 o'clock P. M., standard time, on Saturday, June 12th, 1915, except in the counties of Bell, Boyd, Campbell and Kenton, in which counties said conventions shall be held in the cities of Middlesboro, Ashland, Newport and Covington, respectively; provided that in the county of Jefferson and City of Louisville, the city and county executive committee shall provide for the holding of conventions in each ward and in the county of Jefferson, exclusive of the City of Louisville.

The form of voting in said county mass conventions on all questions, shall be viva voce except in the City of Louisville and Jefferson county, where the county executive committee shall determine the manner of voting. The county executive committees shall give not less than ten days' notice of the time, the particular place or building where said county or ward mass conventions shall be held and the manner of selecting delegates, by newspaper publication or by notices posted in conspicuous places in each voting precinct of the county.

All voters who were entitled to participate in the conventions at which delegates were elected to the Republican State Convention held in the City of Louisville on Wednesday, the 10 day of April, 1912, and those known Republicans who have attained the age of 21 since that date, shall be entitled to participate in the conventions to elect delegates to the State Convention herein called.

One delegate shall be elected for each 100 votes or fraction thereof amounting to 50 or over cast for the Republican candidates for electors in each county at the Presidential election in 1908, except in the county of McCreary (which had not been created in 1908) where the combined vote polled by the Republican and Progressive candidates for Presidential electors in 1912 is taken as the basis. On this basis, McCreary County is entitled to nine votes, and these votes shall be deducted from Whitley, Pulaski and Wayne counties, the three counties from which McCreary County was created, in the proportion that the Republican vote polled in these three counties in 1908 bears to the combined Progressive and Republican vote polled in McCreary county in 1912. These votes deducted are three from Whitley, four from Pulaski, and two from Wayne. Upon the basis above fixed, the several counties of the State are entitled to representation as follows:

REVISE THE TARIFF; REPEAL WAR TAX

Two Ways of Promoting
Business Interests and
Welfare of American
People

Cincinnati Enquirer

There is no doubt to the improvement—the great and widespread improvement—of business in the United States during the past four months.

This has been brought about by the labor of our agriculturists, by favorable climatic conditions in 1914 and by the immense yields of food products in that year.

It has been aided greatly through the advantages of the facilities provided for business men by the Federal reserve banking system.

The people realize now that they are in control of the monetary supplies of the republic to an extent heretofore denied them, and being now endowed by legislation with such control, they will never relinquish it.

The improvement has been also promoted by the unexampled demand of foreign countries for the products of our lands, for the output of our mines, our mills, our shops, our factories.

These purchases were most welcome, but they were forced by the wants and needs of those foreign countries, not made in order to produce good times here.

There are two means of making still better times in the United States; two ways of promoting the interests of business men and also those of the great majority of our population.

There are two legislative acts that the administration should hasten and which the President should call the Congress together to pass.

The war tax levy should be repealed at once.

The revenues of the Government should be increased by an immediate revision of the Tariff.

Justice to the people of the United States demands that both be done.

The interests of the Democratic party, which has always opposed direct taxation and always stood for a Tariff for revenue, are now and in these instances peculiarly in line with the interests of the great majority of the people of the country.

The dislocations of the unexpected European war reduced the revenues and induced the administration to favor an odious war tax.

The situation is clearly defined. The administration should free the country from the tax and the party and itself from the odium of that measure.

This can be done by a Democratic Congress framing a Tariff law to produce the revenues the country needs.

Business men will rejoice and approve these two measures.

Democratic leaders and Democratic voters and the Democratic party will be strengthened by such action.

Their political opponents will be forced to cry "amen" to these two propositions, even if they pull wry faces when doing so.

It is a duty the administration owes to the people of the country first, the business of the country second, and to the party third, to revise the Tariff to produce revenue and to destroy the war tax.

Great Council of Red Men Have Great Meeting

The Great Council of Kentucky Red Men met in Covington last week and held their annual powwow. Besides the regular routine of business, they elected the following officers for the ensuing year: H. C. Yunker, Louisville, Great Sachem; John E. Sexton, Richmond, Great Senior Sagamore; Henry Schweiters, Great Junior Sagamore; William A. Keller, Louisville, Great Prophet; T. Walle Stratton, Cromwell, Great Keeper of Wampum; J. Mace Holsner, Louisville, Great Chief of Records.

The First National Bank of Barbourville, was designated as the Depository for the Great Council of Red Men of the State of Kentucky.

Hon. James M. Wilson, of this place, was appointed to one of the important committees.

Those who attended from this city were W. H. McDonald, J. M. Wilson, R. W. Cole, T. S. Fuller and M. T. McDonald. Alex. Stansbury from Knox, Fork, and Chas. Davis, of Eminence, members of this Tribe, were also present.

MASS CONVENTION OF REPUBLICANS

To be Held at the Court
House at One P. M.
June 12

To the Republicans of Knox County:

The Republican State Central Committee has issued the following call:

"Louisville, Ky., Feb. 12, 1915.
To the Republican Electors of Kentucky:

"The Republican State Central Committee of Kentucky hereby directs that a State Convention of delegated representatives of the Republican Party in Kentucky to be held in the city of Lexington, Kentucky, at 12:30 P. M., standard time, on Tuesday the 15th day of June, 1915, for the purpose of adopting a platform embodying the principles upon which the Republican Party and its nominees will ask the support of the electors of Kentucky, at the November election, 1915.

"The delegates to said State

Convention shall be selected by county mass conventions to be held in the county seat of each county at 1 o'clock P. M., standard time, on Saturday, June 12th, 1915.

"The form of voting in said county mass conventions on all questions, shall be viva voce.

"All voters who were entitled to participate in the conventions at which delegates were elected to the Republican State Convention held in the City of Louisville on Wednesday, the 10th day of April, 1912, and those known Republicans who have attained the age of 21 since that date, shall be entitled to participate in the convention to elect delegates to the State Convention herein called.

"One delegate shall be elected for each 100 votes or fraction thereof amounting to 50 or over cast for the Republican candidates for electors in each county at the Presidential election, in 1908. Upon this basis Knox County is entitled to 28 delegates."

In pursuance of the above call, the Republicans of Knox County are hereby requested to meet in mass convention at the Court House in Barbourville, Knox County, Kentucky, at one o'clock P. M., on Saturday, June 12th, 1915, for the purpose of selecting 28 delegates and 28 alternates to attend convention above mentioned.

According to the above rulings of the State Central Committee, those who supported President Roosevelt in 1912, are entitled to participate in this mass convention.

It is earnestly requested that all Republicans who can attend this mass meeting, as the success of our Party in the coming fall election and the welfare of the State may, in a large measure, depend upon your action.

Yours very truly,

The Wrong Impression

There is being circulated among
a few people a story that A. W.
Soward, who has been with the
Advocate for many years, was
discharged on account of his be-
ing a Catholic. This was not it.
Others had it that it was on ac-
count of his politics. Wrong
again. Others had it that he
was not my friend. That is not
it. We were always the best of
friends. The time came that it
was necessary that the force in
the office had to be cut down to
save the great expense we were
at each week. Some one had to
be discharged or at least laid off
for awhile and it was thought by
the manager that it was best for
the ones concerned to let Mr.
Soward go in place of some of the
other boys.

Not So

It has been stated that the
Advocate is taking part in the
various races now on for the
coming primary. This is not
true. Every line, every word
that is said about any candidate
is charged for and collected for.
Any man can get anything said
that is not scurrilous at adver-
tising rates. All this is done on
another page separate and apart
from the Editor's column.

There never was a new paper
that could live, none ever has
lived, on the subscription alone,
especially when they do not pay
their subscriptions any better
than the general run of fellows.

We want every one to know
that we are not taking sides with
any one. These columns are for
any one who may want to say
anything, and we assure them it
will be said when paid for. If
you have any doubt of this, just
come around and give us your
copy, place the coin in our hand,
and watch us sling printer's ink
for you. Try it any way it will
be to your good. If you have any-
thing to sell, it has always been
a paying proposition. The Advoca-
te is here to serve all the peo-
ple who wish to patronize it and
assure you that you shall have
our best attention.

Everybody Will Feel Bet- ter

Cheer up. The nearer we get
to 1916 the better the business
outlook will become. The people
of this country have made up
their minds that they are going
to have a Republican President
and a Republican Congress and
that a Tariff for the Protection
of American industries is going
to replace the present Tariff for
the destruction of American in-
dustries. As the time for the
accomplishment of these results
draws near everybody will begin
to feel better.—Cattaraugus (N.
Y.) Times.

1816-1916

1816. Public debt of the United
States \$120,000,000. A bill
passed for paying it off in annual
instalments of \$10,000,000.

1916. U. S. deficit \$120,000,-
000. Soon after a bill to be
passed which will turn the deficit
into an equal surplus. It will be
Protective Tariff history repeat-
ing itself.

The Democratic 43 per cent.
tariff for revenue and 57 per-
cent. Free-Trade measure is the
principal cause of knocking the
spokes out of the wheels of in-
dustry and the creating of the
great army of unemployed. Yet
the public servants of the Demo-
cratic party have the nerve to
ask the public to be retained in
the public service. The great
majority demand a change, and
in 1916.—Cedar Rapids Leader.

How amusing it is to find Demo-
cratic and Free-Trade leaders
out how the war is killing
by checking imports, shutting
American industries to supply
the home market and operate to
diversify production, this is
killing the country in a high degree
industrially self-sufficiency.

Why that, so substantial is the
Protectionist argument. Let the
Free-Trade wheeler-dealer keep
hoisting for years!—Hickory (N.
C.) Times-Mercury.

The Democratic party promised
to reduce the cost of living, but
it has not done so. The party
knew, even when it began to re-
vise the Tariff, that no reduction
in the cost of living would result.
It knew that there would be dis-
turbance and a curtailment of
profits and loss of employment.—
Philadelphia Inquirer.

When the time comes the people
of the United States will deal
with the matter of the Tariff in
such a manner that adequate
Protection will be restored, and
they will not give attention to
the scolding of men who are stand-
ing to prove their made to the
approval of that which deserves
condemnation.—Albany Journal.

You will never find the Bird
as long as you seek for it. The
Free-Trade psychological weapon.
That bird of happiness, work,
wages and prosperity can only
be found in the home of an ade-
quate Protective Tariff. Wake
up!

The Democrats have the record
of business against them. They
claim to have set business free.
But if they turned it loose to
graze, it was after they had
burnt over the pasture with
their Tariff and trust measures.

The reason the Free-Trade
boat has never reached the har-
bor of happiness is because it
never had a rudder of hope.

Nobody but Mr. Wilson and a
few of his satellites is satisfied
—or could be satisfied with the
Tariff.—St. Paul (Minn.) Times.

WASHINGTON D. C.—May 19.
Nobody who knows Justice
Hughes ever supposed that he
would consent, even tacitly, to
become a Presidential candidate
next year. In the Washington
correspondence of the New York
Evening Post, some weeks ago,
the subject was taken up, and the
prediction was then made that
if the talk of Hughes as a possi-
bility came from under cover, he
would give it a quietus. This he
has done.

His statement is very flat, and
the reasons he assigns for not
permitting the use of his name
do him great honor. He is so
jealous of the dignity and un-
dermined reputation of the Supreme
Court that he considers any member
of it as removed from even the sus-
picion of desiring a political office.
So there will be no Hughes can-
didacy, for Hughes will allow
none.

The question remains, however,
whether a nomination unanimously
offered him by his party, as
the only way to meet a great emer-
gency, would be peremptorily
declined. To that question, the
question Justice Hughes does not
address himself. It is not yet be-
fore the court.

To Make Britain Yield

According to Senator Charles
Smith, of Georgia, who is closely
observing developments in the
matter of cotton shipments to
European countries, the next con-
gress will be in favor of giving
Great Britain the choice between
modifying her orders in embargo
or facing an embargo on the ex-
ports of arms and ammunition
from the United States.

Following a discussion with
State Department officials, Sena-
tor Smith declared that there was
no recourse left the United States
except to resort to such means
as lay within its power to com-
pel the British to respect the neutral
rights of American.

Celebrates By Paying Fine

Joseph P. Tumulty, Secretary
to President celebrated his thirty-
sixth birthday anniversary Wed-
nesday by paying a fine of \$5 in
Bellevue Court for his chauffeur,
who was arrested for speeding.

The Secretary's big car was
breasting down Connecticut
avenue hill when stopped by a
traffic policeman and the secre-
tary was informed that his driver
Sherley German, was far exceed-
ing the speed limit of twelve
miles per hour allowed by the
District law and was therefore
under arrest.

"Joker" In Half- Holiday Law

Government employees stationed
in the District of Columbia are by
law entitled to a half-holiday on
Saturday throughout the year,
instead of during the summer
months only.

Although there is a "joker" in
the code which gives the heads
of the various departments au-
thority to require the men to work
on these holidays provided the
reasons for such work are stated,
no such statements are ever made
as to why the government em-
ployees here are required to work
on Saturday afternoons during
nine months of the year.

This situation is presented in
the May number of the Home
Club Bulletin, the official organ
of the employees of the Interior
Department.

Hamlin Brings Pros- perity News

Governor Hamlin, of the Feder-
al Reserve Board, brought a
glowing report of prosperity in
the West upon his return from a
six weeks' tour of the reserve
and central reserve cities of the
Pacific Coast and Southwest.

Mr. Hamlin said that he had
noted unmistakable signs of im-
provement in all lines of business
in the territory he had visited.

"I noted with a great deal of
satisfaction," said Mr. Hamlin,
"the hopeful tone that seemed to
prevail everywhere I went. People everywhere
are living their plans to meet increas-
ing demands and general trade
expansion."

Asks District Self- Government

In an address this week, Wil-
liam McK. Clayton said that Con-
gress had failed completely in
making laws for the District dur-
ing the past five years.

Mr. Clayton contends that if
Congress saw fit to place the Dis-
trict upon its own resources
financially, the people of the Dis-
trict should govern themselves.

Mr. Clayton says in reference
to the fiscal inquiry of the half-
and-half system, that he is in
possession of a letter from Sena-
tor Thomas Sterling, of South
Dakota, stating that he intends
to endeavor to have the powers of
the present select committee ex-
tended to include an investigation
into the District system of taxa-
tion.

T. J. Vermillion left Wednesday for Irvine, where he has some large contracts for the L. & N. R. R. Co. T. J. is a hustler and will get his share of whatever he goes after.

Messrs J. T. Black, S. H. Black Will Black, Hays Helton, Chas. Parrott and many others of Black's Precinct, were in town several days this week. These are a set of fine fellows and we are always glad to see them come to our midst.

If you need anything to do your farming with from a hoe to a thrashing machine see T. J. Vermillion and Sons. They can fix you up on short notice and do it just right. They are in the business to serve the whole people and to make prices and terms to suit you.

Croley Hardware and Grocery Company will soon have completed the new building now under course of construction which will add greatly to the appearance of things about the public square.

Every one who can do so ought to attend the Memorial services next Sunday given by the G. A. R. These old veterans are the saviors of this Nation and they should be shown the honor that is due them. Let's all turn out with them.

COME FROM REMOTE SECTIONS OF GLOBE

Tanlac Draws Medicinal Properties From Many Points Far Away

The ingredients, or medicinal elements, which compose Tanlac come from many remote sections of the earth, the Alps, the Apennines, Pyrenees, Russian Asia, Europe, Jamaica, Brazil, West Indies, Mountain States, near the Rocky mountains, Asia Minor, Persia, India, Russia, England, France, Germany, Mexico, Colombia and Peru are among the points from which the principal properties of this remarkable preparation are obtained.

In the principal laboratory of the Cooper Medicine Company, Inc., under the efficient direction of Herr Joseph Trimbach, a native German chemist, these medicinal herbs, barks, and flowers are assembled in the rough and pains-takingly developed so as to obtain that high standard of efficiency shown by the uniform preparation Tanlac.

In sterilized bottles, made expressly for the purpose, Tanlac is placed, labeled and cartoned. The preparation is inspected again and then crated for shipment to points over the world where the demand requires.

Tanlac, the premier preparation, is now obtainable in Barbourville at the Herndon Drug Company's store. adv.

The Democrats have a mixture running for the Democratic nomination for Governor. Some are very dry, some are just moist, while others of them take their usual bath in the "spirits". We do not have but one and that one is just right. He is made up of that kind of stuff that it takes to make a Governor to suit the whole people.

The Masonic lodges of this and adjoining communities will have Memorial services the 30th day of May. The services will be held at the First Methodist Church and after the services the graves of deceased brothers will be decorated. It is the aim of the fraternity to have services at as many other places as can be had and an appropriate decoration be given to each brother's grave.

Dr. J. S. Lock returned yesterday from Atlanta, where he attended the International Health Commission and as Dr. Lock was called upon to and did deliver two rousing lectures which were loudly applauded. You can not keep one of the boys from Knox County or anywhere else from the Mountains from coming to the front. They are always there with the goods and deliver them in great shape.

We do not know just what the Republican platform will look like when they get through with it, but we do hope that they will not be on the extreme upon any question. We have a chance to win in the general election and will do so if we are not dominated over by a few extremists who want to shine at such meetings, and in doing so usually spill the beans, scorch the potatoes, kicking over the coffee pot and upsetting the whole table.

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. Williams-Smith

Corbin Times
Early Thursday morning, at the Methodist parsonage Miss Laura Williams and Mr. Charles Smith were married.

Miss Williams is the daughter of Mr. and Mrs. Alex Williams, of College Hill Ky., but has been with the firm of J. D. Rowland for three years. Mr. Smith is a Barbourville boy and has many friends here who consider him worthy of the prize he has won.

The bride wore a going-away gown of dark of pussy willow crepe with gold trimmings and hat to match. Rev. Vanderpool performed the ceremony. Mr. and Mrs. Smith left for Barbourville immediately after the ceremony. Mr. Smith is in business there and has furnished a home they hope to entertain Corbin friends in the near future.

Mrs. Josephine Hardener sent out very original invitations ten days ago which read.

"It's a long way to Tipperary, but you don't have to go. You Mustn't miss a miscellaneous shower to the sweetest girl I know, think up a pretty present for a jolly time prepare, its not far to my house, and Miss Williams will be there. Hotel Houston 2 to 4 P. M. May 14 1915.

The arriving guests were equipped with sizzors, magazines, and written suggestions for the filling of a book which when completed was an illustrated biography of Miss Williams. As the guests turned through the magazines in an effort to find a picture suitable for "her birthplace" or "their courtship" the girls grew sentimental and the married women reminiscent. When the book was completed a list of pertinent and personal questions such as "how old are you?" "what is your heart's desire?" which truthfully (?) answered were signed and given Miss Williams as souvenirs.

Little Miss Elizabeth Belt, in the daintiest of white embroidery and pink ribbons brought in a pink and white crepe covered express wagon filled with gifts, so many and so handsome that one girl remarked that if all showers were like this, she hoped it would be rainy weather when she married. After the gifts were duly admired, attractive refreshments were served.

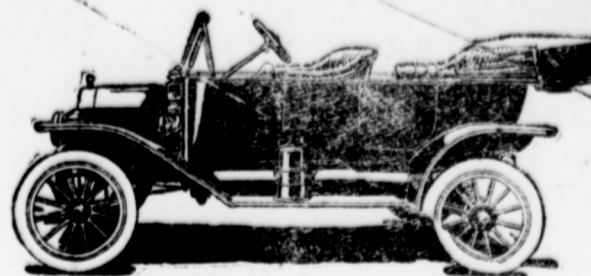

Mrs. Hardener was assisted by Mrs. James Belt and Mrs. Edith Hilliard. Those present were: Mesdames Payne, Stivers, Pride, more, and Edwards, Misses Rowland, McKeehan, Bryant, Nevils, Williams and Hemphill.

OPENING UP NEW TIMBER

The Asher Lumber Co. of Pineville under the supervision of Geo. W. Hingst of Cincinnati have a bunch of men up in what is known as "Wolf's Pen" building a tram road to the top of the mountain to connect with road leading over into Harp's Creek, where Judge Asher owns a big boundary of timber that he is going to have sawed, which will give employment to quite a number of men and means much for Little Brush Creek.

ITS HARD TO MARRY IN WARREN

Not speaking from experience but from observation, getting married in Warren is some job. Last week two young couples made all preparations to get married and the young men went to Barbourville and got their license and after two days of searching from Artemus to the head of little Brush Creek they were unable to locate a person and as a last resort one of the couples started to hike it across the mountains to Middlesboro Sunday evening and when almost in despair they finally found the preacher in the forests of the mountains and at a late hour returned to Warren, tired but happy. The other couple lost their enthusiasm and cancelled the wedding march for the present.

PLAYING GOOD BALL

Warren has a crack base ball team this year, has played everything on Little Brush and have won every game. The team has a dandy infield and with one more dependable pitcher could go up against anything in this part of the State. So far they have not found a team that could interest them at all and expect to go through the season without a defeat.

NEW EXTENTION

It is commonly reported that the Cumberland Railroad Company is planning to extend their line on to Jellico in the future. The road is graded nearly all the way and the heaviest cost of such an extention has already been paid and the building of this proposed line will open up a lot of new coal and timber land and will increase the value of the land immensely. It will mean much for Knox county.

A Wonderful Healing
Influence in Kidney
Troubles

A year and a half ago I was taken with a severe attack of kidney trouble that pained me to such an extent that morphine had to be given me. Was attended by a doctor who pronounced it as Stone in the bladder and prescribed Lithia Water. I took Lithia Water and tablets for some time and received no relief from them. I stopped taking medicine for some time, later having some Swamp-Root in the house I decided to try it and felt much relieved. While taking the second bottle commenced to pass Gravel in urine until I had passed in all at least a half dozen or more and have not suffered the slightest since. And in all have taken one bottle and a half and feel very grateful to Swamp-Root.

Yours very truly,

H. W. SPINKS,

YOUR HEALTH

Don't Endanger It
With Calomel

It is generally agreed by experts in this country and Europe that calomel has a very violent effect on the system. This accounts for the familiar disagreeable feeling accompanying a dose, and the weakened condition following it.

LIV-VER-LAX is a harmless vegetable compound, that is a mild, but effective substitute for calomel. It has all the effectiveness, but not the effect, of calomel. Its splendid value has brought it into such wide use that in some states it has almost entirely replaced calomel.

Just try LIV-VER-LAX once, and you'll never use calomel again. Insist on the genuine, bearing the likeness of signature of L. K. Grigsby, which is guaranteed to give satisfaction or money refunded. For sale by all druggists -adv.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown. To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol.
